

Dear Parents,

I hope all of you had a wonderful and restful Christmas holiday! Time for sharing the joy of the birth of Jesus with family and friends makes the holidays both memorable and special, and the happiness of children on Christmas morning is truly a blessing.

At last evening's State of the School address, Board Chair Joe Getz and I shared some very pertinent information with the parents in attendance about the 2012-13 school year which needs to be made available to all of our parents. I hope that you will view the PDF which accompanies this letter and send me any questions or comments that you have. I also would like to be sure that you notice that THE CLASS FEES FOR ECC AND JUNIOR HIGH have been absorbed into the tuition rates for next year. The Tuition and Fees schedule is also attached. Therefore, if the increase looks a little larger than usual, it is because the class fees are no longer separate. CLASS FEES FOR LOWER AND UPPER SCHOOL will be absorbed next year.

Regarding online re-enrollment, the Admissions Department will send an email blast to you next Monday, January 9. When you receive that email, you will be directed to a link which will access all of the forms you will need to re-enroll along with the FACTS tuition payment information. You will need to complete both the re-enrollment information AND the FACTS information if you are new to FACTS. All returning families will automatically be re-enrolled in FACTS. Please let Denny Bardos or Terry Forsythe know if you need any further assistance with this first-time online registration process.

As I said to the parents who attended the State of the School, the faculty, staff and administration of St. Agnes - St. Dominic thank you for your love of our school. We are blessed to have you in our Dominican family and take very seriously our responsibility to share this educational experience with your family. May God bless you and your children in 2012.

Warmly,

Barbara Daush, O.P.A., President
