## FINANCIAL ASSISTANCE

---

Financial assistance based on need is available for students in SrK through Grade 12. The purpose of this program is to increase the diversity and talents of the student body and to provide opportunities for students who would profit from the St. Agnes Academy - St. Dominic School, Inc. educational environment, but who could not attend the School without financial aid. Eligibility for financial assistance depends upon evidence of financial need, the availability of funds in the financial assistance budget, and a consideration of factors including academic ability and aptitude and qualities which will make a positive contribution to the life of the School.

The basic tool of determining financial need is the Parent's Financial Statement (a scholarship application) processed by FACTS in Lincoln, Nebraska. FACTS sends the School a report of financial need based on each application. No award is made until the School has received the report from Lincoln. Early application is strongly encouraged. **Since the school has limited funds available for financial aid, applications for assistance must be filed at FACTS no later than March 1, 2010 for returning students, and no later than March 1, 2010 for new students, so that the school will receive reports from FACTS by April 1, 2010. Any forms received after April 1, 2010, may not be processed for consideration.**

Application forms may be requested from the school Business Office, (901) 435-5845.
