Awards Received:

List two adults who could be contacted for recommendations, i.e., a teacher, principal, youth minister, etc.

Name

Phone number or email address

1) _____

2) _____

ATTENTION PARENTS OF ATHLETES

In order for us to fulfill Tennessee Secondary School Athletic Association (TSSAA) policies, all students who receive academic scholarships must complete additional paperwork in order for the scholarship to be applied to their account. Any student who receives financial assistance and plays varsity sports must show need to accept any scholarship. If your daughter plays varsity sports you must complete the financial aid forms online with FACTS. The link is on the school website under admissions. If your daughter plays varsity and you choose not to complete these forms you must decline the scholarship. **If your forms do not show financial need, your choice is (1) to accept the scholarship and not allow her to participate in varsity sports or (2) to decline the scholarship so that she may participate in the varsity sport program.** You may accept this scholarship without completing the financial aid forms as long as your daughter plays **junior varsity only.**
