## FIELD DAY By: Amelia Madden

Field day this year was amazing to say the least! Although we could not have field day in the same way as how it used to be, we still managed to have a blast. This year there were indoor and outdoor games that were also streamed on the SGA Instagram. The indoor games consisted of hula ski ball, dodgeball, taste budz, and knock out. After the indoor games, the students and teachers went outside with their class and cheered on the girls who participated in the outdoor activities, like water balloon toss, pizza box race, and frozen T-shirt. The stars showed so much enthusiasm as they cheered on their fellow sisters in-person and virtually. One of the seniors said, "it was the best last field day anyone could ask for!" Thank you to Pep Club for helping create lots of fun, colorful posters, decorations, and most importantly, class and school spirit!

## WANT TO JOIN THE CONSTELLATION?

Email Mrs. Phifer ([sphifer@saa-sds.org](mailto:sphifer@saa-sds.org)) or Corinne Emanuel ([ceemanuel@saa-sds.org](mailto:ceemanuel@saa-sds.org)) for more details.

## COMMUNITY POLL:

### Do you prefer in-person or online school?

After polling most of the Saint Agnes Upper School student body and faculty via Google Forms (182 students and 24 faculty), the results came back as 54.9% votes for in-person and 45.1% votes for online school.

# Ave Maria

On October 17th,

15 girls from all different grades got together and went out to serve at Ave Maria, an assisted living home in Bartlett. Because service has to look different this year, the girls decided to paint and carve pumpkins, as well as to do sidewalk chalk outside of the patients' windows. Patients have not been able to have any visitors, including their family, so we wanted to make them feel appreciated. It was a great experience, and the girls were able to connect and serve together, even though the coronavirus has split up many.

Thank you to Mary Alan Petro and the SGA for setting up this wonderful opportunity to serve. More service projects like this will be coming up soon, so be sure to check your emails!

# Socktober

**Corinne Emanuel**

A big idea from a young 4th grader in the St. Agnes lower school has spiraled into an overwhelmingly impactful service project put on every October by freshman Elaina Fik.

5 years ago, Elaina heard that the most requested item at missions was socks and that there was often a shortage of them in many shelters. She decided that with the support of her family and the St. Agnes community, she would run a sock drive each October and donate the socks to Manna House Memphis. This servant's heart attitude has quickly amounted to over 5,000 socks in just 5 years time! Elaina says, "When I took the socks to Manna House, they told me that it was a God-send, as they had just given out their last pair of socks that morning." Socktober is a great way to live out the St. Agnes pillars of service and community by giving back in any way we can. Elaina made another big impact this year with 1,017 sock donations!

# Sports **Larkin Stuppy**

The St. Agnes fall sports teams had incredible seasons and we are so proud of them! Soccer had a record of 7-3-1. We had quarterfinals at the Academy on 10/24 and our stars put up a good fight, but ended up losing. The soccer seniors are Eve Davis, MJ McCullough, Olivia Rouse, Molly Rump, and Rachel Ward. Volleyball had a strong season with a record of 10-1. They ended up going to state in Nashville, but unfortunately lost. We are so proud of our volleyball team and will miss our seniors Katie Farm, Abby Fogerty, Maggie Walker, and Celia Watson. Cross country raced 4 times and finished strong in each. Our XC senior was Maggie Esnard. Finally, golf had yet another amazing season with only 1 tied match and 1 lost match. Be sure to congratulate all of the coaches, seniors, and teams when you see them!
